One option to load your Parent Account in EUR, opened by Paynetics, is via a debit or credit card issued by a credit institution or an EMI located within the EEA (fees may apply, see paragraph “Fees”), the so-called “card top-up service”. Card-top up service is not provided by Paynetics AD. It is provided by a third-party service provider by virtue of a contract concluded between Woli and the third-party service provider. Paynetics assumes no responsibility in case Your Parent Account was not loaded at all or was not loaded with the correct amount using the card top-up service of Woli. **The card must be registered in your name.** If the card authorization is successful, the funds will be credited **instantly** into the Woli Parent Account. We also provide You with the option to securely save the token of your card into the Woli Parent App, to make the experience of loading funds much easier next time. To enable this funding option, we work with an experienced and certified 3rd party card processor. You can make up to three (3) card top ups per day with a maximum amount of 500.00 EUR per transaction. Fees may apply, check paragraph 13 “Fees, charges and card subscription”.
3. Alternatively, You can fund your Parent Account via a SEPA transfer. You can find the unique IBAN number of your Parent Account within the Woli Parent App and send funds to this IBAN via your credit institution, EMI or PI. Although Woli does not charge for the SEPA transfer service, You may be charged by your credit institution, EMI or PI. Please note that the loading of the funds is not instant, since the banking system may require up to **2-3 days** for the transfer to reach the Woli system.
4. You can always check the balance of your Parent Account by logging into your account via the Woli Parent App.

You can access the monthly statement of all your Parent Account transactions via the Woli Parent App and review all transactions via the Transaction History area of the App. You are not allowed to perform other transactions with Your Parent Account except for loading Woli Cards as described herein below. 8. Activation of the Woli Physical Card is done via the Woli App (from the Woli Child App that is used by the respective Child, or the relevant Woli Parent App). During activation, the Cardholder and/or Parent will also get access to the Woli Card's unique PIN number.

11. It is the Parent's obligation to ensure that Cardholders under the age of 18 do not use their Woli Card for any purpose for which the minimum age is 18 or higher, such as gambling, adult entertainment or alcohol purchase. **This obligation supersedes any controls placed via the Woli App to control such misuse.**

9. How to use the Woli Card

1. The Woli Card should be used only by the Child to whose Associated Account the Woli Card is linked to, i.e. the Cardholder. A Child can have only one Woli Card and one Associated Account .
2. The Cardholder name is clearly printed on the Woli Card.
3. When the Cardholder is using the Woli Card, it is assumed that the Parent has provided their consent for the use of the Card and a transaction is authorized when the Cardholder:
 - 3.1. allows a merchant to swipe the magnetic strip of the Card and the corresponding sales slip is signed; or
 - 3.2. inserts the Card into a chip & PIN device and the correct PIN being entered;
 - 3.3. provides relevant information to the merchant that allows the merchant to process a transaction, for example, providing the merchant with the PAN, the Expiry Date and the CVV2 in the case of an internet or other non-face-to-face transaction;
 - 3.4. relevant information being provided to the payment initiation service provider that allows the payment initiation service provider to process the transaction;
 - 3.5. the Card is tapped against a “contactless” enabled reader and accepted by such a reader.
4. To start using physical cards at points-of-sale, the Cardholder will need to do a chip-and-PIN transaction and this will also unlock contactless payments for the Woli Card.
5. If any of the methods of authorisation set out in section 9.3 are used, We and Paynetics shall assume that You (Parent) have authorized a transaction unless We were informed that the relevant details of the Card have been lost, stolen or misappropriated prior to the transaction taking place.

6. You acknowledge the correctness of the amount of each transaction authorized according to the provisions of this Agreement.
7. Once a transaction is authorized, it cannot be stopped or revoked. You may in certain circumstances be entitled to a refund in accordance with this Agreement and Paynetics T&C.
8. On receipt of notification of your authorisation of a transaction and the transaction payment order from the merchant and/or authorized bank, normally Paynetics will deduct the value of the transaction, plus any applicable fees and charges, from the available e-money funds in the relevant Parent Account . Paynetics will execute the transaction by crediting the account of the merchant's payment service provider according to Paynetics T&C.
9. For a payment to be authorized, the the Woli Card must have the appropriate e-money Card Balance. If the e-money Card Balance does not suffice, a refusal notification will be issued. It is your responsibility to ensure that there are available e-money funds in the Woli Card to cover any spends, allowing for any foreign exchange fees and other applicable fees under this Agreement and Paynetics T&C.
10. A refusal notification may be received for various other reasons when a card transaction is not authorized. E.g., when the transaction amount exceeds the maximum amount limit, as defined by the Parent.
11. There are few rare cases when a merchant might accept a payment authorization even without the available balance. Then the Available Balance will turn negative and any funds available in the Parent Account will be used to balance the Woli Card. In case there are no funds available in the Parent Account, the Parent should top-up the Parent Account and load the Woli Card. Should you not repay this amount immediately after receiving invoice notification, We and Paynetics reserve the right to take all steps necessary, including legal action, to recover any monies outstanding.
12. Our operating currency is the euro (EUR). For Woli Card usage conducted in other currencies (other than the currency of the Woli Card), You shall accept the exchange rate used by Visa, which can be found on Visa's website (<https://www.visa.co.uk/support/consumer/travel-support/exchange-rate-calculator.html>). Any changes in exchange rates may be applied immediately and without notice. The exchange rate, where applicable to a transaction, will be shown in the e-statement. Different exchange rates may apply when loading the Parent Account or making purchases of goods and services (online or offline) with Woli Card. Please be careful when opting to use a merchant's, bank or ATM operators (as the case may be) exchange rates as they are often less competitive than the card scheme's exchange rate. Please note that in case of a transaction happening in a foreign currency, You will be charged a foreign transaction fee to cover currency risk and unexpected fluctuations. Please also note that neither Woli nor Paynetics offer currency conversion services. Check the Pricing for further details on such fees.
13. The Woli Card can't be used when it is impossible to get online authorization that the Woli Card has enough Available Balance. Such cases occur e.g. in transactions on ships and inflight purchases.

14. If You are not happy with something your Child purchased using the Woli Card, You should contact the merchant who provided the service or goods, asking for a replacement or a refund.
15. We and Paynetics are not at any way responsible for the safety, quality or any other aspect of the goods and services purchased with the use of a Woli Card.
16. We as well as Paynetics are not liable if, for any reason, the affiliated merchants or authorized banks do not accept the Woli Card, or accept it only partly, nor are we liable in the case of late delivery of, or failure to deliver, goods or services. In the event of disputes or complaints of any kind concerning goods or services, or the exercise of any right in this connection, You should contact the affiliated merchant and/or authorized bank.
17. In the case of a transaction cancellation and supposing that a merchant agrees to give a refund for a purchase made using a Woli Card, the e-money balance of the Woli Card will be credited following receipt of the funds from the merchant. Please note that the refund process is usually lengthy, so it may take approx. 10 business days for the funds to be received.
18. In the case of recurring transactions (e.g. subscription services such as Netflix) that Children apply for, in case the Cardholder wants to stop the subscription, they must do so by contacting the relevant merchant offering the above subscription service. Cardholders can only cancel transactions that have been authorized for a future date (for example recurring monthly subscriptions) by reaching out to the merchant earlier than the payment due date. We and Paynetics are not liable for any such recurring payment made, if the Woli Card has been selected as the payment method.
19. For each card transaction, Parents and Children will be receiving real-time push notifications, notifying them about the transaction details.
20. In certain circumstances We or Paynetics may refuse to execute a transaction that the Cardholder has authorized. These circumstances include:
 1. if We or Paynetics have reasonable concerns about the security of the Woli Card or suspect the Woli Card is being used in a fraudulent or unauthorized manner;
 2. if there are insufficient funds available to cover the transaction and all associated fees at the time that the authorization of the transaction is made or if there is an outstanding shortfall on the Available Balance of the Woli Card ;
 3. if We or Paynetics have reasonable grounds to believe You or the Cardholder is acting in breach of this Agreement and/or of the Paynetics T&C;
 4. if there are errors, failures (mechanical or otherwise) or refusals by merchants, payment processors or payment schemes processing transactions, or
 5. if this is required by law.

21. Unless it would be unlawful for us or Paynetics to do so, where Paynetics refuse to complete a transaction, We will notify You as soon as reasonably practicable that it has been refused and the reasons for the refusal, together, where relevant, with the procedure for correcting any factual errors that led to the refusal. Where the refusal is reasonably justified, We or Paynetics may charge You a fee when We notify You that your payment request has been refused.

10. Applying limitations and restrictions to Woli Cards

1. As part of the Woli Service, Parents can impose certain controls and limits to the Woli Cards usage to ensure that they are optimized for their children. These rules are either defined when the card program is set-up, or are set by the Parent via the Woli app and **may indicatively include**:
 - 1.1. Max card amount per transaction (e.g. 50 EUR)
 - 1.2. Max card amount per week (e.g. 200 EUR)
 - 1.3. Other card controls, as found in the Woli App from time to time
2. Using the Woli Card and Woli Service for any unlawful purpose, including those covering money-laundering, fraud or criminal actions is strictly prohibited.
3. The Woli Service is designed for children. To make the Woli Card as safe and secure as possible, we block merchant types which we think are not age appropriate for minors, for example merchants who sell gambling products. To do this, we rely on the merchant's registered business type (also known as an 'MCC code'), but not the actual details of what is being bought on a Woli Card. This means Woli Cards are not restricted from merchants with a generic or inaccurate registered business type.
4. Merchants where the Woli Card can't be used are:
 - Betting/Casino Gambling (7995)
 - Dating/Escort Services (7273)
 - Pawn Shops (5933)
 - Government Owned Lottery (7800)
 - Internet Gambling (7801)
 - Government Licensed Horse/Dog Racing (7802)
 - Wires, Money Orders (4829)
 - Massage Parlors (7297)
 - Adult Entertainment / Pornography (5942 5969 5967 7273)
 - Fortune Tellers (7996)
5. Over and above the protection versus child-sensitive merchant categories, the Parents will be always notified about their Child purchases and merchants via the Woli App and via real-time push notifications.

6. We and Paynetics have the right to review and change the spending limits on the Woli Card at any time. You will be notified of any such changes via the Woli Website and/or the Woli App.

11. Woli Card Expiration

1. The expiration date is printed on the back of the Woli Card. After the expiration date, a Woli Card can't be used and should be returned to Paynetics or destroyed.
2. At expiration, a replacement Woli Card will be sent to the address of the Parent (fees may apply, see paragraph 13).
3. The new Woli Card, when received, will be operating with a relevant PIN number, which will be communicated via the mobile app.
4. We may ask you to send any expired Woli Card to our offices but will never require any photo or any other information about your expired Woli Card.

12. Loss or theft of a Woli Card

1. **Although You do not use the Woli Card, You take knowledge of the PIN and You are liable, along with the Cardholder for ensuring that the Woli Card is not used by unauthorized persons because the Woli Card is issued to Your Parent Account. To this end, You and the Cardholder must always take good care of your Woli Card and never expose it to others. You and the Cardholder are responsible for keeping Woli Card, PIN and its details safe. Do not disclose Woli Card details to anyone except when necessary to complete a transaction.**
2. If a Woli Card is being lost or stolen, You or the Cardholder become aware of any misappropriation or unauthorized use of the Woli Card, PIN or other security details, if the card is not functioning properly, or if there is any other risk, You or the Cardholder should temporarily block the Woli Card from the Woli App to avoid further unauthorized use of the Woli Card and possible losses. Then, You should reach out to our Support team to report it at support@woli.io or via the support function in the Woli app. In the event of theft, You should consider reporting the theft to the police.
3. If We or Paynetics have reasons to believe that You or the Cardholder acted fraudulently or with gross negligence or did not notify us of an incident or if You or the Cardholder did not keep the card security information safe or they have breached this Agreement, then You shall be liable for any loss or damage.
4. Paynetics may block the Woli Card, in which case neither the Cardholder nor You will be able to execute any further transactions, if We or Paynetics have reasonable concerns about the security of the Woli Card or suspect the Woli Card is being used in a fraudulent or unauthorized manner. We or Paynetics will notify You of any such blocking in advance, or immediately after if this is not possible, and of the reasons for the

suspension unless to do so would compromise reasonable security measures or otherwise would be unlawful. Paynetics will unblock the Woli Card and, where appropriate, issue a new Woli Card, PIN and other security features as soon as practicable once the reasons for the suspension cease to exist.

- If You would like to order a new Woli Card, You will be able to do this by contacting support@woli.io. A Child is entitled to 1 (one) Woli Card. The Woli Card will be delivered to your home address as registered in our system (fees may apply, see paragraph 13).

13. Fees, Charges and Card Subscription

- Applying for and using a Woli Card and the Woli Service has various associated fees and charges, collected by Woli and Paynetics for the use of the Woli App and for the provision of the payment services. The applicable fees can be found in the below table. Fees and charges might be occasionally revised as part of this Agreement. In this case You will be notified with 2 months` prior notice and will have the right to terminate this Agreement before the changes take place.

- Keep in mind that apart from the fees and charges that Woli controls, there might be other fees that neither We nor Paynetics can control. 6. **After the 30-day trial and in order to continue to use the Woli Service, the Parent will have to purchase a monthly Card subscription.**

12. If You choose not to terminate this Agreement after the 30-day period, prior to using the services You should cover a monthly Woli Card subscription which is collected per Associated Account and allows the services hereunder to be used by You as Parent for a specific Child. The monthly Woli Card subscription fee per Associated Account will be charged to the debit/credit card that you have saved in the Woli App or directly to the balance available in your Parent Account. The monthly card subscription fees are recurring and by choosing to continue using our services and the Woli App You give your consent for their automatic collection each month, on the exact date when You activated each Associated Account, from the debit/credit card that you have saved in the Woli App or directly to your Parent Account balance.
13. After the expiry of the 30 days and in case that You have not notified Woli that You wish to terminate the Agreement and You have not linked a debit/credit card within the Woli Parent App for payment of the subscription fees or the linked card balance does not cover the due Woli Card subscription fees, or your Parent Account does not have enough balance to cover these fees, We and Paynetics shall be entitled to block your Accounts/Associated Accounts and/or Woli Cards until You restore payment of the Woli Card subscription fee. In case You fail to pay the fees due for the use of Paynetics payment services and Woli Mobile App (and as a result your Accounts and/or Woli Cards remain blocked for more than 6 months due to non-payment of the fees due), We may terminate the Agreement with you with a notice having an immediate effect. We or Paynetics will inform how You can receive the funds left as available balance onto your Parent Account unless you choose to spend them by making Woli Card transactions.
